THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They regulate disordered action, correct every disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. It is pre-eminence as a remedy for bilious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation protected, so that both physical and moral energy are increased,

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertical illness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion---Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Medical.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons.

From a Forwarding Merchant of St. Louis, Feb 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER, SIR: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE.
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C, 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice and find them to be the best cathartic we have ever used. They cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural action when wholly or partially suppressed, and also very effectual to *cleanse* the *stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1855.

DR AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Is the State of our Finances Satisfactory to the Imperial Government?

The unsatisfactory state of the Colonial finances having been allowed by the Governor to develop itself into what may now, without exaggeration, be called a system, it may be useful to pursue the subject further, and to inquire with what favor this system of extravagance is likely to be regarded by the Imperial Government; and in so doing it will be necessary for us to refer to a dispatch dated in April, 1866, from Mr Cardwell, then Secretary of State for the Colonies, addressed to the Officer administering the Government of British Columbia, which dispatch contained a copy of a letter from the Board of Treasury to the Colonial Office, in which the financial condition and policy of the Colony for the years 1864 and 1865 is animadverted upon in very plain and unmistakable language. As the letter has already been published in our columns, we do not propose to quote at any length from it, suffice it to say that considerable doubt is expressed of the correctness of the estimates of revenue, and the proposed expenditure for the year under discussion is condemned for its extravagance in exceeding the expected income, even in case of the most favorable circumstances which could then occur, by more than £5000; the Colonial Office is requested to warn the Governor "as strongly as possible against that hasty and sometimes illconsidered, expenditure, which a loan policy is apt to encourage; but the continuanee of which, on the cessation of such policy, is seldom prevented without more than ordinary care." The Lords of the Treasury wind up by requesting a full statement from the Governor of the actual receipts and disbursements, and a full account of the liabilities of the Colony. Mr Cardwell in his dispatch expresses his entire concurrence in the observations of their Lordships, and gives most positive instructions that the expenditure of the year then current must be reduced to such an amount as would be covered by a revenue calculated on the actual average receipts of the two preceding years. Since this dispatch was written a variety of changes have taken place; the Colonies have been united, the office of Secretary of State has twice changed hands, and the Lords of the Treasury who caused the letter to be penned are no longer in office; but it is not likely that the policy either of the Colonial Office or of the Lords Commissioners of Her Majesty's Treasury has undergone any change, so far as discouraging extravagance in the Government of Crown colonies who have been borrowers. What then has been the course of business since April, 1866? Have the instructions of the Colonial Secretary been followed by the Governor or not? It is true that the Union of the Colonies would necessitate some increase in the expenditure for the Government of the increased Colony of British Columbia, but we must also allow for an increase in the revenue consequent upon the absorption of the income of Vancouver Island, which if the reductions in the civil list authorized by Lord Carnarvon had been made would have much more than compensated for the increased expenditure. The receipts on the mainland were known to have fallen, and were still falling far below the average of the two preceding years at the time of the Union; consequently a prudent Governor, wishing to carry out the spirit of Mr. Cardwell's instructions, would have caused the estimates for the first financial year of the Union to be prepared with that "more than ordinary care" suggested by the lords of the treasury. Well aware that any further extension of the loan system would not be sanctioned, the Governor ought to have insisted upon the strictest economy of expenditure and if the instructions of Mr. Cardwell have really been so interpreted by the Executive of this Colony as to be taken as an authority for estimating the expenditure upon the actual average receipts of both Colonies for the two years preceding the Union, the spirit of the instructions have not been acted upon. It remains then to consider whether the Imperial Government will take sufficient interest in our finances to interfere in any way. So far as Vancouver Island was concerned, it does not seem that the same parental solicitude was exercised; the Lords of the Treasury did not apparently concern themselves so much whether the Government of the Island incurred liabilities which it was not likely to meet; was it that the mainland was more tenderly beloved than the Island, by the mother country? or is the true solution of the mystery to be found in the difference between the Colony which had its own local legislature, and that which had none? Assuredly if the latter be the case, the Commissioners of the Treasury must be inquiring closely into the reasons for the continued extravagance of British Columbia, and when they have carefully digested the statements of actual receipts and disbursements, and the account of the liabilities of the Colony for 1867, we shall probably hear how they like them.

Civil List.

MR JOHN ROBSON, ED. *British Columbian:* I have frequently read with pleasure, and acknowledge the justice of your remarks against the wasteful extravagance of the Civil List; but all your articles have but one mark, that is the "Commissioner of Lands & Works," and appear as if private spleen instead of the public good, were the incentive. For instance, at New Westminster you have an official neither useful or ornamental, that is the Captain of the jail. In the present financial state of the Colony, a saving of $3,500 in one branch is to be derived. Last winter it was shown that the expense of keeping prisoners was far less at Victoria than at New Westminster. The Jailor is also contractor to furnish supplies for prisoners, and is generally credited with making some $1,500 over his salary by the contract. As the prisoners cook their own victuals and grow their own produce, what right has the Captain of the jail to make contracts with butchers, bakers, &c., and then charge the Government an extra price?

The saving to the Colony would be as follows:

Capt. Jail	$1500 00
Two Constables	1400 00
Saving in contract, say	1000 00
	$3900 00

Attack all useless officials, and show that you are actuated not by malice, and then your articles will have a great deal more influence; and commence on your personal friends.

Yours, JUSTICE.

Hudson Bay Co.

The half-yearly meeting of the Hudson Bay Company was held on Tuesday, July 1st, the Earl of Kimberley in the chair.

The Chairman, in moving the adoption of the report, expressed regret at the loss of their late Governor, Sir E. Head, and bore testimony to his very high merits. He had the disadvantage of addressing the meeting for the first time with a reduced dividend. The fur trade was a very fluctuating one, in addition to which they had met with certain losses, which had been fairly and fully written off. One question was how far the expectations held out to them on the formation of the present company had been fulfilled? He understood they were promised an average dividend of 4 per cent. In the first year they had 4½ per cent., in the second 4½ per cent., in the third 5½ per cent., in the fourth 4½ per cent., and now they had 3 per cent. They must look at the average (cries of No, no?) and if they did they would find the average dividend exceeded 4 per cent. There were important negotiations going on as to the company's territorial rights, in respect of which he had to speak with some reserve. He had a very strong belief in favor of their claims, and he hoped they would be fairly and fully supported by the Government in the matter. He would devote himself to their interests and the committee would do everything in their power to maintain the company's rights.

Sir C M. Lampson seconded the motion for the adoption of the report.

Mr Thorpe complained of the manner in which the affairs of the company had been managed, and hoped the proprietors would support him in a resolution to the effect that the territorial rights of the company be not parted with for less than £1,300,000.

Sir C. M. Lampson stated that the average income of the company mentioned in the prospectus was £81,000, but they had obtained an average of £92,000, and had divided £436,000, which admitted of an average dividend of 4⅜ per cent. The proprietors had subscribed £2,000,000 of capital, and they had to pay the dividend out of the profits of trade, goods and stock, for which the company had paid £1,000,000 of their capital; they had given the other £1,000,000 for the estate and territorial rights, which had produced them very little.

After some observations by Mr Newmarch, Mr C. Ely, Mr Maxwell, Mr Quilter, one of the auditors, and other proprietors, the report was adopted and the dividend of 4s. per share was declared.

At the request of Mr Potter, a director and several shareholders, Mr Thorpe withdrew his proposed resolution, and the proceedings concluded with a vote of thanks to the chairman and directors.

Masonic Ceremonies.

Yesterday morning the District Grand Lodge of England celebrated its foundation by attending Divine Service at St John's Church. The Order met at the Masonic Hall, Government street, about 11 o'clock, and marched to church, attended by the Provincial Grand Lodge of Scotland, and headed by the Volunteer Band, together forming one of the largest and most imposing Masonic processions ever seen in Victoria. The regalia of the different Orders were magnificent, but the Scotch generally were admired more than the English. The service was read by the Rev. T. P. Jenns, Rector of St John's, and the sermon preached by the Rev. F. Gribbell, Grand Chaplain of the Order. The Rev. gentleman took his text from 10th chap. of St Luke, 29th verse, and gave a sermon replete with those great truths of Christian charity appropriate to the occasion. The collection, after the service, amounted to $38, which, we understand, is to be devoted to the building fund of St John's Sunday School. The procession returned after the services at Church in the same order to their hall, and adjourned till half-past 2 p. m. At that time the Provincial Grand Lodge of Scotland was opened by the Provincial Grand Master of Scotland, Bro. T. W. Powell, to make arrangements in connection with their other Brethren, for laying the foundation stone of St. Andrew's Church. At a few minutes past three, the procession, headed by the band, with a guard of honor from the Volunteers, under the command of Adjutant Vinter, marched to the site of the new Scotch Church now being built, on the N.W. corner of Gordon and Courtenay streets. The narrow space of our columns will not permit of full report of the order of the procession. Besides the brethren invited to attend on the occasion, there were six Lodges belonging to the Colony, viz: The British Columbia No. 1187, E. R.; Nanaimo No. 1090, E. R.; Union No. 899, E. R.; Victoria No. 783, E. R.; Caledonia No. 478, R. S; Victoria No. 783, R. S.; who bore the usual regalia, banners, &c. On arriving at the Church, the ceremonies were opened with a prayer from the Provincial Grand Chaplain, Rev. Thomas Somerville, Pastor of the new Church, followed by the usual formalities of depositing coins, the scroll of the Church containing its history, the local journals, &c, beneath the foundation stone; with the singing of the Hundredth Psalm, and closing with remarks from the P. G. M., J. W. Powell, R. Wallace Esq., the Rev. Mr. Somerville, and His Honor Mr. Justice Needham. The attendance of ladies and families was large and respectable. In the evening the Order re-assembled at their hall, and sat down to a banquet which was served by Mons. Driard, of the Colonial; the Volunteer Band furnishing the music from a temporary platform erected on the outside. The evening passed off in the interchange of the most kindly feeling.

It will be gratifying to the craft no doubt to be informed how rapid has been the growth of Masonry in the Colony. A few of the brethren here in 1858 were the first to take steps to perpetuate Masonry in this part of the British Empire, as will be seen from the following extract: 'Victoria Lodge of F. & A. M. Preliminary measures have been taken for the establishment of a Masonic Lodge in Victoria, and the petition for a Charter will go to England next steamer. The following gentlemen have been named for office bearers: J J Southgate, W. M., George Pearkes, S. W.; Wm Jeffray, J. W.; A DeCosmos, Secty; James N Thain, Treasurer; W H Thain, S D; R J McDonnell, J D.—British Colonist, 25th Dec, 1858.' From this small beginning has sprang the important and imposing Order we witnessed in our streets yesterday.

THE NEW CREEK.—Peterson Creek which continues to create excitement in Cariboo, is situated about 18 miles west from Barkerville and empties into Lightning Creek about a mile below Beaver Pass. It is conveniently situated to secure supplies of provisions; is 10 miles long, 4 miles of which are staked off into claims. The discoverer had only gone in a few feet into the bench when gold was met, giving from three to four dollars to the pan. Some of the gold was purchased by the Bank, and one piece retained was worth about twenty-five dollars. The pay dirt is six feet thick, and it is presumed richer deposits will be found on the bed of the creek. It is believed a large extent of the ground on the creek is equally rich with the Discovery claim. The ground all through is highly favorable for mining purposes.

POSTPONEMENT.—We have been requested to announce that the usual fortnightly services in the First Presbyterian Church, Pandora street, conducted by the Rev. R. Jamieson, Nanaimo, are postponed until the 30th inst., in consequence of his having to officiate in New Westminster on Sunday first.

THE barkentine Free Trade will probably finish discharging her cargo by noon to-day; she will afterwards proceed to Port Ludlow to load with lumber for San Francisco.

COLONIAL SOCIETY.—One of the most important movements bearing on the future welfare of the British Colonies in general, has recently been inaugurated in London. The constitution of the Society is like that of the Royal Society of London, and its principal object is to make all the colonies throughout our dominions familiar with each other, by a periodical publication of their commerce, population, requirements, products, capabilities and general statistics through its agency. By these means no individual colony can be overlooked or treated with injustice for any length of time; and therefore we ought all to hail the fact that by the instrumentality of this Society, indifference and procrastination in the Colonial office which at different periods have been complained of in every country are brought to an end. Supported by such men as the Marquis of Normandy, Lord Bury, Mr Chichester Fortescue and other noblemen and members of Parliament of equal ability and influence, the Society cannot fail in accomplishing immeasurable good. The conception of the Society is due, we believe, to Alfred Roche, Esq, and when in full operation, is intended to embrace all classes of people at home and abroad, Governors and legislators of colonies, officials and non-officials, merchants, agriculturalists, in fact every class interested in colonial prosperity, from whom the information required can be drawn. Politics in an abstract form are strictly excluded from discussion before the Society. At the inauguratory meeting in Willis' Rooms, 4th July, Lord Bury and Selim Franklin, Esq, are stated to have made each an effective speech. All our local friends sojourning in London are joining the Society, so that for the future British Columbia will be well represented at home.

LATEST FROM PETERS CREEK.—By Reid, the expressman, who arrived from Peters creek last night, we heard that three or four companies had got a prospect. The Cosmopolitan got $3 in two pans of dirt on shallow bed-rock in the creek and was erecting sluice boxes to wash. The Barkerville, the first below the Discovery, got 50 cents in a pan of gravel. The Discovery co had lost the bed-rock and were sinking a blind shaft in the tunnel and found dirt paying $2 to the pan. The bench claims immediately above and below the Discovery had indications of a back channel and good dirt.—*Sentinel.*

IMPORTS.—Value of principal heads of imports into the Colony of British Columbia for the Quarter ending March 25th, 1868: Boots and shoes, $40,028; butter, $13,151; candles, $18,597; cigars, $14,125; clothing, $113,520; drygoods, $73,399; flour, $22,772; beef cattle, $15,285; opium, $14,400; sugar, $38,427; spirits, $23,566; tea, $18,499; tobacco, $18,910. Total amount from *Government Gazette*, $632,978. It will be seen there is still reason for increased exertion on the part of our farming and stock-raising class; for instance, the quantity of butter, flour, beef, &c, continue largely to be brought in.

POLICE COURT.—William Lockhart charged with being drunk and obstructing the thoroughfare, forfeited his bail by failing to put in his appearance at the proper time. Jim, a Hydah, became a *hide her* in another way, by pummelling Miss Jenny of the same ancient clan and each afterwards lodged a complaint of assault one against the other. Mr Jimmy was fined $10 or in default of payment, one months' hard labor; Miss Jenny $5 or 14 days imprisonment This Hydah tribe seems a most rascally set, for some of them are always before the Court.

HARVESTING.—The farmers on the Bonaparte and the Thompson river are busy harvesting their grain, and are in need of laborers, who seem to be very scarce in that section. Their crops are remarkably heavy and are being harvested in good condition. As the Junction and above, farmers have not commenced to cut their grain, but are all busy in getting up their hay, which is abundant. Laborers refuse $2 and even $3 a-day.

PRESBYTERIAN SUNDAY SCHOOL PICNIC.—The Nanaimo Presbyterian Sabbath School picnic took place on Tuesday last. A very pleasant and agreeable day was spent on Protection Island by a large number of parents and members of the congregation, and other friends, in company with the children.

RESERVED.—The tract of land (20,000 acres) situated on the south side of Skiddgate Bay, Queen Charlotte Island, is again reserved until further notice. It was formerly held under prospecting right by the Seymour Coal Company.

CRICKET.—The return match between the married and single eleven of this city will take place to-morrow; wickets to be pitched as before at 12 o'clock. The players are desired to be on the ground as punctually as possible.

WILLIAM CREEK

Owing to the scarcity of water, our report this week will fall short of last week, especially on the upper portion of the creek. The Steadman, McLaren and Tyack co.'s did not wash up at all last week. The wash ups are as follows:—The Wilson co. 45 ozs; Dutch Bill co. 33 oz; Six-toed-Pete co. 12 zo; Taylor co. 35 oz; Cornish co. 73 oz; Flume co. 60 oz; California co. 10 oz; Barker, 42 oz; Sheepskin, 18 oz; Baldhead, 20 oz; Welsh, 13 oz; Aurora, 48 oz; Caribco, 33 oz; Lillooet, 40 oz; the Good Hope are making $12 per day to the hand; Mosher, 28½ oz; the Miners' Flume washed up yesterday 65 oz.

CONKLIN GULCH

This creek is looking up again. The Reed co. washed up last week 163½ oz; Renfew co 27 oz; Lone Star co. have got through the slum and are approaching bed rock; and from present indications, they are sure to get a portion of the lead now being worked by the Reed and Renfews co,'s.

STOUT GULCH

The Mucho Oro co, cleared up last week 62 oz; Jenkins co. 40 oz; Taftvale co. 85 oz; Alturas co, 9 oz; Floyd co., 44 oz.

M'ARTHUR GULCH

The Try-again co. and the New Brunswick co. are still taking out good pay.

MOSQUITO CREEK

The yield of gold from Mosquito and Red Gulch has fallen off during the past week owing to the scarcity of water. We have failed to obtain a full report from that locality this week, and can only give the wash ups of three claims. The Minnehaha took out 206 oz; the Hiawatha, 28 oz; Tipton Slasher, 24 oz; Point co. have got a good prospect in the hill, and the United has also struck better pay. The Tabb co. are approaching the back channel, and in a few days expect to be on the lead which the Point company are looking after.

LOWHEE CREEK

The Calavaras co. pays steadily at the rate of 150 oz. per week.

CANADIAN CREEK

Five companies only are now working on this creek. The Clear Grit is taking out a little pay. The Miller, Mayflower, Gem and New Dominion, are jointly running a tunnel through the Clear Grit ground, at an expense of $500 per week. All the claims on the upper portion of the creek are laid over far the want of water.

GROUSE CREEK

Accounts from this creek are most cheering. There are about ten claims doing well, three of which are paying largely. The Flume co. washed up for the week 246 oz; the Carolina, 150 oz; Ne'er-do-well, 101 oz. The Hankin co. has got a good prospect in the gravel in the vicinity of the old Heron claim. The palmy days of Grouse creek evidently are not over.

GAYET RAVINE

The French co,'s on this ravine, at the foot of Grouse creek, are making good, steady pay, and it is said some of them have accumulated a large amount of gold. The ground is believed to be rich, although the parties working it have no disposition to report it as such.

RICH GULCH

William Moore, in running a drift from the bottom of his shaft, got a prospect of $16 on a piece of bed rock two feet square. The claim looks very favorable.

ANTLER CREEK

There is nothing new from this creek, Some three or four companies are making pretty good pay.

KEITHLEY CREEK

The Stonewall co. have struck a big prospect, as high an $1½ to $2½ to the pan. The Baxter co. not on pay now; are running a new drift. The Cascade, Martin and Tournier co.'s are all paying over wages. Three China co's are also making good pay. The Grotto co. are taking out large pay. This company have run 600 feet of a tunnel, and before their ground is worked out they expect to run 1000 feet more tunnel. They can profitably employ 100 men.

ANDERSON CREEK

Discovery co. hydraulicing. A party of cornishmen have taken up the ground adjoining and above the Discovery, and commenced running a tunnel into the right bank.

PETERS CREEK

Excitement still exists. The Discovery co. lost the bed rock, which has pitched into the hill. Barkerville co., creek claim, sunk and bottomed two shafts, one with the rock pitching into the creek, the other with rock falling into the hill. Blythe & Co., hill claim, adjoining and above the Discovery, are running a tunnel; no rock yet. Butcher co., hill claim, sinking. Albion, hill claim, sunk several holes, rock shallow, no prospects. Many other companies are sinking and drifting, and every hour a new strike is expected; yet the general opinion is that it will be a difficult lead to find. The creek is staked off from head to foot, hills and all.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DESPATCHES.

Europe.

PARIS, Aug 14—Lord Napier of Magdala fame, was present at a review of the National Imperial Guards to-day.

PARIS, Aug 15—The fete day in honor of the inauguration of the first Emperor Napoleon was celebrated to-day with great pomp by all the officials of the Court, together with the Emperor Napoleon and family. They attended a grand Te deum at Notre Dame cathedral. After the ceremonies the Emperor left for Fontainebleau.

Eastern States.

WASHINGTON, Aug 16—A movement is on foot among leading Republicans, South, to have their legislatures unite in a call for a separate session of Congress; they allege that unless protected, the Democrats will succeed by force in choosing elections in nearly every state. It has been learned that agents of the French Government have been making large purchases of forage and horses in this country for their army.

California.

SAN FRANCISCO, Aug 17—The steamer Colorado which arrived yesterday brought another consignment of Chinese women and girls.

Yesterday the bark Wm Banks was beating out of the harbor, when she came in collision with a barge heavily laden with grain and being towed by the steamer Bella. The shock was so great that a man named Myers was jerked off the barge and drowned.

Arrived, bark Fremont, Seabeck; brig G A Lucas, Port Ludlow. Sailed 16th, ship Revere, Port Discovery; bark Emma Augusta, Port Madison.

Steamer John L Stephens is announced for Portland and Victoria, Friday afternoon.

SAN FRANCISCO, Aug 18—The steamer New World which arrived is to be refitted and placed on the San Francisco Vallejo line, to connect with the railroad. Lively opposition is anticipated after completion of the Railroad. The Union Pacific Express Co has obtained the overland mail contract which was recently let to parties who underlined Wells Fargo & Co. A K Grim, President of the Pacific Co, left to-day for Salt Lake to complete arrangements for transporting mails after October next.

TELEGRAPHIC DISPATCHES.

Eastern States.

ST. LOUIS, Aug. 12—Gen. Harney will leave here next week for the Upper Missouri river, to perfect arrangements for the removal of Indians into the Northern reservation. He will make his headquarters at Fort Randall.

WASHINGTON, Aug. 12—The death of Thad. Stevens awakens more general sympathy than would have been expected from the bitterness which his course often provoked among political opponents. The news took most persons by surprise, as his failing condition had been concealed by the few who were about his person. He had been declining in strength for several days. Yesterday he conversed in a cheerful manner, and being informed of the character of Evarts' opinion in the Rollins case, he replied, "I believe Evarts is not only a sound lawyer, but a statesman who will advise the best, and so act as to administer the laws in a manner that will avoid the necessity of Congress meeting in September. If he does, I shall feel prouder than ever that I urged his confirmation." During the evening, two clergymen of the colored Methodist Church called and prayed at his bed side. Two Sisters of Charity were present during his last hour, who administered the baptismal rite of the Catholic Church. Speaking of political affairs shortly before his death, he said the great national questions now were reconstruction, finances and a railway system. His remains have been placed in state in the rotunda of the Capitol for one day. The arrangements for his obsequies are not yet determined.

NEW ORLEANS, Aug. 12—A bill passed the house, directing the city of New Orleans to immediately collect its outstanding dues in greenbacks. It orders the destruction of all city currency and plates for printing the same now in its possession, and makes no provision for the redemption of the three and a half millions of city currency now outstanding, which is not receivable for dues to the city.

MOBILE, Aug, 12—The Democrats had a meeting and torchlight procession last evening. Three thousand persons were in the procession, many of whom were colored.

NEW YORK, Aug. 11—The eight mile boat race in this harbor yesterday, between John Blue and James Peach, with seventeen feet Whitehall boats, was won by the former on the home stretch in twenty-nine minutes. Large amounts of money changed hands.

CALISTOGA, Aug. 13—The Napa Valley Railroad is now completed to this point. The first train arrived this evening and was greeted with cheers and popping of champagne corks.

WASHINGTON, Aug. 13—The remains of Thaddeus Stevens were carried to-day from his late residence to the Rotunda of the Capitol, where they will lie in state until 8 o'clock to morrow morning, when the funeral obsequies will take place.

NEW YORK, Aug. 13—Dispatch from Omaha says that fifty additional miles of the Union Pacific Railroad are now finished—making 750 miles from Omaha. It now seems probable that nearly 1,000 miles will be in running order before the close of the year, and that the whole line to the Pacific will be opened for business in January, 1869.

HOLLOWAY'S OINTMENT AND PILLS.—Diseases of the Bowels.—A remedy, which has been tested and proved in a thousand different ways, capable of eradicating poisonous taints from ulcers and healing them up, merits a trial of its capacity for extracting the internal corruptions from the bowels. On rubbing Holloway's Ointment repeatedly on the abdomen a rash appears, and as it thickens the alvine irritability subsides. Acting as a *derivative*, this unguent draws to the surface, releases the tender intestines from all acrid matters, and prevents inflamation, dysentery and wiles, from which blistering was the old fashioned, though successful treatment, now from its painfulness fallen into disuse, the discovery of this Ointment having proclaimed a remedy possessing equally *derivative*, yet perfectly painless powers. 12

TO THE UNFORTUNATE

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in [illegible] such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield; St. Luke's, Old street; St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street.

DR. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Of those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast.

Address J. F. Gibbon, 616 Kearney street, corner Commercial, San Francisco.—Post office box 252.

Remember to put BOX 252 on the letter.

Consultations FREE.

Medical.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon,

PARIS.

THESE different medicines represent the most recent medical disoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medicalmen, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atony, and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in **Diseases of the Skin.** Further, it will be [illegible] **Humors and Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co,** is affixed to the bottle, as this Syrup is liable to imitations.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S

(Laureate of the Paris Imperial Academy of Medicine

DIGESTIVE LOZENGES

This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive organs, such as

Gastritis,
Gastralgia,
Long and Laborious Digestion,
Emaciation,
Jaundice, and
Complaints of the Liver & Loins

NERVOUS HEADACHE,
NEURALGIA,
DIARRHŒA, DYSENTERY,

INSTANTLY CURED BY

Grimault's Guarana.

This vegetable substance, which grows in the Brazils has been employed since time immemorial to cure **Inflammation of the Bowels.** It has proved to be of the greatest service in cases of **Cholera,** as it is a preventive and a cure in cases of Diarrhœa.

NO MORE COPAIBA OR CUBEBS!

Grimault's Capsules and Liquid Extract of Matico Vegitalis.

Where all other preparations have failed these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris, by the celebrated Dr Ricard, and found greatly superior to all hitherto known mineral remedies and Copabia and Cubebs. The injection is used in recent and capsules more chronic cases.

In explanation of the trifling delay in the payment of Messrs Gowen & Loewen's claim against the Phœnix Assurance Company of London for loss by fire on the night of the 15th inst., we would state, that the origin of the fire, as found by the Jury on the Fire Inquest, would have vitiated the Policy, but the Company, by Cable Telegram from London, empowered the Acting Agent here to waive their legal rights and settle the claim, if otherwise satisfactory.

LIQUOR CARBONIS DETERGENS

OR

Concentrated Alcoholic Solution of the COAL TAR

[Extract from the Lancet, Dec. 2, 1866

LIQ. CARBONIS DETERGENS—We are very sceptical of the value of new remedies, and it was in a spirit of scepticism that we tried the liq. carbonis detergens. It is represented to be a concentrated alcoholic solution of the constituents of coal tar, and to contain all the active ingredients of the tar, to wit, benzine, napthaline and phenic acid. The addition of water, with agitation, makes a durable emulsion, in which the tar remains in a state of fine suspension, almost equivalent to solution. Our therapeutical experience of the preparation is very satisfactory, indeed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the chronic eczematous class; and one case of psoriasis which had resisted all other kinds of treatment speedily got well under the application of the liq. carbonis detergens. We esteem it a very valuable addition to our list of skin remedies, and worthy of a very extended trial by the profession. In the above classes of disease, and in various others, such as fetid ulcers, etc., the preparation is put into the form of soap.

PURE COAL TAR SOAP

(Registered as Sapo Carbonis Detergens.)

This Soap is unrivalled as a

Skin Soap

as proved by abundant medical testimony. By daily use infectious diseases are prevented, and a clear and healthy appearance imparted to the skin.
